

Important Information for Families and Parent Carers

Sandwell Parents for Disabled Children prides itself on being parent led. This means that all the important decisions such as where to go and what to do are made by parents carers, families and disabled children.

Throughout February and March SPDC have given the opportunity for families and parent carers to share ideas to shape the service by hosting two events, which have been very helpful but we would like to continue seeking your views with a further two opportunities in April.

In addition, we are looking for parents to help us make important decisions and to fundraise.

Spdc are looking for new members to join our Event Advisory Group and our Fundraising Group to bring along some fresh ideas and to help the Events Team to create a fun programme of activities.

SPDC invite you to join us for a light lunch and an informal information session, to find out more

please contact Claire on 0121 565 2410 or email admin@sp-dc.org
